# FY 2018 Town Council Budget Development Questions Packet #3

### Councilmember Campbell's Questions- March 6, 2017

1.) The budget information generally only covers the years 2015 -2017 and then only 2015 and 2016 are actual performance numbers but no relationship to adopted budget. It would help me to have a budget spreadsheet that covers the past five years 2011 - 2016 with the adopted budget in one column and then the actual performance numbers in the next column for General Fund, Economic Development, Finance, Police, Parks and Rec, Airport, Thomas Balch, Utilities, General Obligation Bond, Planning and Zoning and CARR just in two categories, the total revenue and total expenses. I don't need the line item breakdown that is in the budget book.

A five-year history of the budget and actual expenditures and revenues are displayed in ATTACHMENT 1. The expenditure table includes columns for the Adopted Budget, Revised Budget, and Actual Expenditures. The Revised Budget differs from the Adopted Budget as it includes carry-over encumbrances and supplemental appropriations that occur throughout the year. Carry-over encumbrances are contractual purchase orders from the previous year or years. They represent goods or services under contract that have not been delivered or invoiced. Since many expenditures in a year are for previous year purchase orders, comparing the Revised Budget, rather than the Adopted Budget, is a helpful comparison.

2.) I want to better understand the Utilities fund asset transfer and the trends in the same departments as listed above for the historical contributions received for the same five year period. I also want to see the five year Utilities Fund performance that supports these contributions as I am assuming that they are critical to sustain operations beyond what comes from the general fund revenues. There is an obvious tax revenue gap between what we collect and what we need to sustain town services and staff. Is there a Town financial policy that governs the amount that can be used each year?

There is not a Town financial policy that establishes the amount of the Utilities inter-fund transfer. The transfer from the Utilities Fund to the General Fund is for general administrative services overhead performed by the general government (such as processing payroll and purchasing). It is currently calculated by using a staff time-allocation formula for each Town position and operating expense. For example, if an employee spends 50% of their time working on Utilities Fund work, then Utilities fund pays the General Fund for 50% of their cost via an inter-fund transfer.

### **Utilities Inter-fund Transfer**

	FY 2016	FY 2015	FY 2014	FY 2013	FY 2012	FY 2011
	Transfer	Transfer	Transfer	Transfer	Transfer	Transfer
Transfer to the General Fund	\$ 1,506,865	\$ 1,471,342	\$ 1,462,612	\$ 1,873,943	\$ 1,703,651	\$ 1,709,286

Please note that the inter-fund transfer began to be allocated at the department level beginning in Fiscal Year 2016. Previously it was transferred as a lump sum at the fund level. The Fiscal Year 2016 Inter-Fund Transfer was allocated to the following departments:

Town Council	\$6,847
Town Manager's Office	\$51,747
Town Attorney's Office	\$31,609
Clerk to the Council	\$5,806
Finance & Administrative Services	\$761,262
Police	\$118,370
Public Works & Capital Projects	\$431,165
Planning & Zoning	\$16,506
Plan Review	\$83,553

# 3.) What contributions have been made to the Utilities Fund covering the past five years and I would like the adopted budget number and then actual performance numbers.

The Utilities Fund transfers funds to both the General Fund and Capital Projects Fund. The transfer from the Utilities Fund to the General Fund and Capital Projects Fund is for general administrative services overhead and project management administrative services, respectively. Please note that all Capital Projects personnel were transferred to the General Fund in Fiscal Year 2016; there the overhead expenses associated with the Capital Projects personnel is included in the transfer to the General Fund.

**Total Utilities Fund Inter-fund Transfer Breakdown** 

	FY 2016	FY 2015	FY 2014	FY 2012	FY 2011	
	Transfer	Transfer	Transfer	Transfer	Transfer	Transfer
General Fund	\$ 1,506,865	\$ 1,471,342	\$ 1,462,612	\$ 1,873,943	\$ 1,703,651	\$ 1,709,286
Capital Projects Fund	\$ -	\$ 30,320	\$ 30,238	\$ 33,553	\$ 46,866	\$ 51,689
Total	\$ 1,506,865	\$1,501,662	\$ 1,492,850	\$ 1,907,496	\$ 1,750,517	\$ 1,760,975

The Utilities Fund is comprised of the Utilities Department operations budget, the Utilities 3R Reserve (Repair, Replacement, and Rehabilitation), and the Utilities capital projects included in the Capital Improvement Program (CIP). The following table illustrates the total budget and actuals for the Utilities Fund.

**Utilities Department (Operating): 5-Year History** 

<b>Utilities Depart</b>	ment					
<b>Expenditures:</b>	FY 2016	FY 2015	FY 2014	FY 2013	FY 2012	FY 2011
Adopted						
Budget	\$15,109,495	\$13,821,080	\$13,468,493	\$12,872,217	\$12,293,710	\$12,720,644
Revised						
Budget	\$15,635,791	\$14,019,019	\$13,791,900	\$12,690,044	\$12,690,044	\$13,188,716
Actuals	\$17,966,723	\$17,559,745	\$17,918,917	\$16,827,722	\$10,121,275	\$12,825,497
Revenue:						
Adopted	\$15,109,495	\$13,821,080	\$13,468,493	\$15,128,973	\$14,363,111	\$14,944,573
Actual						_
Revenue	\$19,064,068	\$16,433,919	\$16,168,844	\$15,636,548	\$15,404,639	\$15,120,919

## Councilmember Reid's Question- March 8, 2017

**4.)** What is the Town's current debt capacity? The Town's Fiscal Policy limits debt service to 15% of General Fund expenditures. Based on the Adopted Fiscal Year 2017 General Fund budget of \$54,787,022, and the debt service requirements of the current debt totaling \$8,029,173, the Town's current debt service percentage is 14.66%. The remaining 0.34% of capacity is equivalent to approximately \$189,000; which equates to approximately \$2.3 million of available debt financing.

The following chart includes the projected debt service as a percentage of General Fund expenditures based on the FY 2018 Proposed Budget, the Long Term Sustainability Plan and the proposed Fiscal Year 2018-2023 Capital Improvement Program. Debt service averages 14.10% of General Expenditures over this six year period.

FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
Proposed	Projected	Forecast	Forecast	Forecast	Forecast
14.66%	13.88%	13.99%	14.02%	14.19%	13.90%

It is important to note that the capacity to issue additional debt is directly tied to the General Fund expenditures, and any issuance based on available debt capacity in one year can result in debt service exceeding the fiscal policy limit in the later years. For example, the FY 2019 debt service is projected to be 13.88% of General Fund expenditures allowing for potential issuance additional debt of \$8.02 million; however the resulting debt service in addition to the existing debt service levels would be in excess of 15% of General Fund expenditures beginning in FY 2020 per the Long Term Sustainability (LTS) Plan. The LTS Plan assumes a 2% annual increase in General Fund operating expenditures.

## Councilmember Fox's Questions- March 1, 2017 (CORRECTION/UPDATE FROM PACKET #1)

5.) With Leegate, Crescent Parke, and Meadowbrook (Leesburg South) all coming online, could you tell me how many new dwellings are to be built. A total of 1,212 dwellings are to be built with Leegate, Crescent Parke, and Meadowbrook (Leesburg South) all coming online. The following highlighted sections are corrections to the categories previously reported in Packet #1.

Development	Single Family Detached	Single Family Attached	Townhouses	Multi- Family	Total
	<u>-</u>			70 (age	
Crescent Parke	_	178	96 (i.e. 2/2's)	restricted)	344
Leegate	_	152	174 (stacked)	142	468
Meadowbrook (Leesburg South)	<mark>400</mark>	-	-	-	400
Total	<mark>400</mark>	<mark>330</mark>	270	212	1,212
