

**Battlefield Parkway - Edwards Ferry to Fort Evans Road
Purchase of Stream Mitigation Bank Credits**

IFB No. 08303-FY14-04

Addendum #1

November 14, 2013

Questions and Answers:

Question 1: Are you willing to waive the certificate of insurance requirement included in this IFB?

Answer 1: Yes, the insurance requirement included in this IFB is waived.

Question 2: Will a firm's SCC Certificate of Organization be sufficient documentation for Section IV, the Submission Requirements (item h.) which require a "Virginia SCC compliance form, complete and signed"?

Answer 2: Yes.

Question 3: For a bank that has less than the required 951 stream compensation credits, will the Town accept a bid less than 951 stream compensation credits?

Answer 3: Yes. However, the bidder must state clearly, on the bid form, how many stream compensation credits they have available. If that bidder should happen to be the lowest bidder, then the balance of the credits required will go to the second place bidder. The Town will reserve its right to review the bids for an award that is in the best interest of the Town.
