

REMINDER TO TREE AND LANDSCAPE CONTRACTORS

Contractors working in the Town of Leesburg are reminded that the Town does **NOT** collect tree limbs, branches and other debris generated by contractor-provided services. If you are providing services at a residence inside the Town's corporate limits, you or the homeowner must make arrangements to remove any debris generated as a result of the services. Town brush collection is provided for residents working on their own property and is designed for the collection of small amounts of tree limbs and branches. Please do not advise homeowners that the Town will provide brush collection for contractor-generated material!

Town Code Sec. 28-28.(c) Brush that is cut/cleared by a contractor hired by the homeowner, will not be collected and removal is the responsibility of the homeowner.

For questions or additional information, please email publicworks@leesburgva.gov or call 703-771-2790.
