

Yard Waste - CSI

The Town of Leesburg, through its **contractor (CSI)** for refuse and recycling collection, provides collection of yard waste to town residents and businesses receiving curbside refuse and recycling services.

Collections occurs on the same day as your recycling collection. (Thursday for SE, SW and Friday for NE, NW) **(From May through September, yard waste will also be collected on your trash pickup day).** Yard waste includes grass clippings, weeds and small trimmings from shrubs or bushes. When preparing your yard waste, please keep in mind the following guidelines:

DO:

- Include grass clippings
- Include weeds (remove excess dirt)
- Include leaves
- Include prunings and small twigs (12-18" and under)
- Place in biodegradable **paper lawn bags** (available at grocery and home improvement stores) **or**
- Place loose in trash cans. Trash cans must have a **yard waste sticker*** on them in order to be collected

**To request a yard waste sticker, please e-mail trash@leesburgva.gov or phone 703-771-2790.*

DON'T:

- Put yard waste in trash cans without a sticker.
- Use plastic trash bags or cardboard boxes.
- Mix with household trash or recyclables.
- Include sod, rocks or dirt. Grass with clumps of dirt attached will not be collected!
- Include large tree branches or limbs—please refer to “Brush Collection” for more information
- Set out more than 10 yard waste bags per pickup. Additional bags will be collected on your next yard waste collection day

If you have a contractor provide landscape services, you must make arrangements for the removal of any debris. The town **does not collect landscape debris from contractors!** For more information on yard waste collection, please e-mail trash@leesburgva.gov or phone 703-771-2790. *email trash@leesburgva.gov to request a free yard waste sticker.

Brush Collection - Street Division

The Town of Leesburg, through the **Street Maintenance Division**, provides collection of brush free of charge to town residents and businesses receiving curbside refuse and recycling services. Brush is defined as **limbs or prunings from trees removed during normal maintenance by property owners. No call is required for brush pickup.** Because the Street Maintenance Division uses a chipper truck to grind the materials down, please keep in mind the following guidelines:

DO:

- Include tree limbs **under 8' in length and under 6" in diameter** - but do not include clippings or prunings under 12-18" - see “Yard Waste”
- Place at curb line **Monday night—picked up Tuesday or Wednesday depending on route**
- Stack or pile

DON'T:

- No stumps
- No fence posts
- No decking material or pressure-treated lumber
- No garden tool handles
- No vines, yard waste, or garden waste
- Do not leave ties or wires attached to limbs
- No root balls from shrubs or trees
- No rocks or dirt
- Do not mix with refuse, recycling or yard waste
- Do not block sidewalks
- Do not place brush in streets or in front of storm drains or other utilities

The Street Maintenance Division **does not collect debris from contractor landscaping services.** If you hire a landscaper to provide services, you must make arrangements with them for the removal of any debris or take the yard waste to the landfill. Please contact the Loudoun County Landfill for information on hours and fees at 703-771-5500. For more information on Brush Collection, please call the Town of Leesburg Street Maintenance Division at 703-737-7073.
