

Snow Season Tips & Info

We recommend that when possible, residents refrain from shoveling a few feet from the road until plows have passed or shoveling to the right of driveways if you are facing the street - this can help reduce the amount of snow pushed back in front of driveways. The graphic below offers suggestions for how to clear your driveway to minimize the amount of snow that the plows will push back onto it.

- The snow hotline is activated during snow emergencies only—to contact Public Works Department staff outside of a snow emergency, please call 703-771-2790 from 8:30-5:00, Monday through Friday, or email publicworks@leesburgva.gov.
- During a declared snow emergency, please call 703-777-SNOW (703-777-7669) for information on snow removal operations or to report an issue with a roadway.
- Please visit www.leesburgva.gov for up to date information on closures and conditions.
