

Alternative A — Double Roundabout  
Option 1 — At-Grade Pedestrian Crossings

| SURVEY RATING           |                          |                                   |                |
|-------------------------|--------------------------|-----------------------------------|----------------|
| RESPONDENTS             | NUMBER OF SURVEY RATINGS | NUMBER OF COMMENTS ON ALTERNATIVE | AVERAGE RATING |
| ALL                     | 397                      | 153                               | 3.31           |
| NEIGHBORING COMMUNITIES | 223                      | 100                               | 3.28           |

**PROS**

- More direct pedestrian / bicycle route compared to Option 2
- Promotes a steadier traffic flow with no new traffic signals needed
- Improved vehicle safety due to slower travel speeds and reduced conflict points

**CONS**

- Unsignalized vehicle movements may affect pedestrian / bicycle safety
- Four-lane Battlefield Parkway is reduced to two lanes through the roundabouts
