# Back to School Stop for School Buses

Drivers are required to follow certain laws when encountering a school bus.

Virginia motorists **MUST**:

- stop for stopped school buses with flashing red lights and an extended stop sign when approaching from any direction
- remain stopped until everyone is clear and the bus moves again
- stop whenever the bus is loading or unloading passengers, even if the lights and stop sign are not activated

If a school bus is on the opposite side of a median or barrier, motorists aren't required to stop; however, drivers should be prepared for students exiting the school bus and crossing into their lanes.
